Java

```java
public class Solution {
    public int MinimumTime(int[][] grid) {

    }
}
```

JavaScript

```javascript
/**
 * @param {number[][]} grid
 * @return {number}
 */
var minimumTime = function(grid) {

};
```

C++

```cpp
class Solution {
public:
    int minimumTime(vector<vector<int>>& grid) {

    }
};
```

C#

```
public class Solution {
    public int MinimumTime(int[][] grid) {

    }
}
```
